Methodology

The main sections of this report are based on the analysis of November 2023 virtual inspections data recorded by Little Hinges Pty Ltd, unless otherwise stated.

Commentary in this report relating to interstate migration, consumer sentiment and purchasing behaviour is based on an extrapolation of this data.

A virtual inspection is defined as one unique session or viewing of a virtual tour by an individual. Property markets discussed have a minimum of 1,000 virtual inspections, areas with less virtual inspections than this benchmark have been excluded for data robustness.

References

Proprietary virtual inspection data is sourced from Little Hinges virtual inspections conducted between 1/11/2023 and 30/11/2023 (November 2023). This data set represents Australia's largest for digital property inspection numbers.

About Little Hinges

Little Hinges is Australia's largest virtual inspection platform, combining world class Matterport 3D technology with our nationwide team of experts and our world-first analytics and insights portal.

Our goal is to digitise property transactions.
